

I am writing in vigorous opposition to Sinclair Broadcasting's decision to air what is clearly an anti-Kerry documentary by attempting to define it as "news."

This is a clear violation of the public trust and basic fairness and as such it is appropriate that the FCC step in and prevent the airing of this program.

I find this Sinclair situation to be infinitely more offensive than the Janet Jackson situation.

The FCC acted vigorously in the Jackson case therefore I feel it reasonable to ask the FCC to take equally vigorous action with the Sinclair case.

Thanks you.
